Andishe town, Donyamali St, 2th west Arghavan alley, No 26, Tehran, Iran
Shahrak Gharb, Dadman st, No 114, dorateb Co., Tehran, Iran

About me: I am a web and mobile application developer with 3 years of working experience in different types of business fields including pharmaceutical, health, and social activities. Skilled mostly in mobile application development and web front-end development. Eager to learn new technologies, passionate to write clean and maintainable code, and improving software development using Dev-Ops solutions. My area of expertise is React, Next-Js and React-Native. Currently, I'm improving my "C#" and ".Net" Skills

## EDUCATION AND TRAINING

09/2009 – 08/2014 – Esfahan, Iran
**BACHELOR OF SCIENCE –** Esfahan University of Technology

**Field(s) of study**
  ◦ Industerial Engineering

https://iut.ac.ir/

## WORK EXPERIENCE

01/06/2019 – CURRENT – Tehran, Iran
**MOBILE AND WEB APPLICATION DEVELOPER –** ADORATEB

Adorateb is a fast-growing private pharmaceutical distributor company that provides pharmaceutical items and medicine packages for hospitals and referrals pharmacies.

**Following duties performing:**
  ◦ Working as a mid-level mobile developer to develop two mobile applications. **CMS** and **Adorium** using **React Native.**
  ◦ **CMS** is a growing app for in-house use cases for company employees and **Adorium** is a customers club app for pharmacies. both in development phases.
  ◦ Maintaining both mobile apps
  ◦ Enhancing UI and UX for two web apps, **SFE** and **Adorium,** which both are implemented with **ASP.NET** and bootstrapped with JQuery and bootstrap 4.
  ◦ Helping with other co-workers on backend services and APIs.
  ◦ Implementing UI sketch designs for mobile and web using Adobe XD.

**Achievements**:
  ◦ Implemented PWA support for both company web apps, **SFE** and **Adorium**.
  ◦ Features like Appraisals, Questionnaire, and Bones performed on **CMS** mobile app.
  ◦ The Questionnaires are held periodically by company salesmen/women to collect the required information from pharmacies.
  ◦ The Bones section shows the number of rewards each salesman/woman receives at the end of every day for their monthly sales.
  ◦ The Appraisals section is to display indicators and evaluate the periodic performance of each salesman/woman, and her/his supervisor.
  ◦ Features like records of purchases, invoices by details, and monthly bones points are implemented on **Adorium** mobile app to help every company customer to keep track of their purchases.
  ◦ Both CMS and CustomersClub have Catalogs and Inbox sections to give salesmen/women and customers their product's catalogs and messages based on their access rights.
